

RESTORATION WITH PARASEAL®

Paraseal® LG is a sheet waterproofing membrane consisting of 20 mils of HDPE, expandable, granular bentonite and a protective layer of spun-bonded polyester. The composite weight of the material is up to 1.0 lb/ft², creating a dual waterproofing membranes.

Paraseal LG

Paraseal LG is a sheet waterproofing membrane consisting of 20 mils of HDPE, expandable, granular bentonite and a protective layer of spun-bonded polyester. The composite weight of the material is up to 1.0 lb/ft², creating a dual waterproofing membrane.

- Vertical
- Horizontal
- Planters

Deckseal

Deckseal is a sheet waterproofing membrane consisting of 20 mils of transparent HDPE and expandable, granular bentonite. The composite weight of the material is up to 1.0 lb/ft², creating a dual waterproofing system.

- Horizontal
- Plaza

Paraseal

Paraseal is a sheet waterproofing membrane consisting of 15 mils of HDPE and expandable, granular bentonite. The composite weight of the material is up to 1.0 lb/ft², creating a dual waterproofing system.

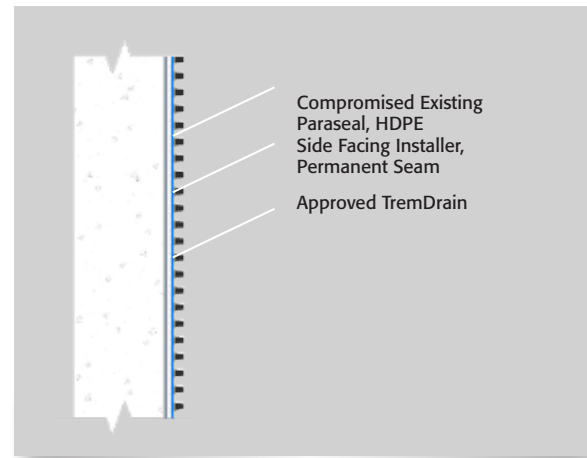

- Vertical

Vertical Below-Grade Wall Restoration

Paraseal or Paraseal LG can be used to restore existing compromised waterproofing on vertical below-grade walls.

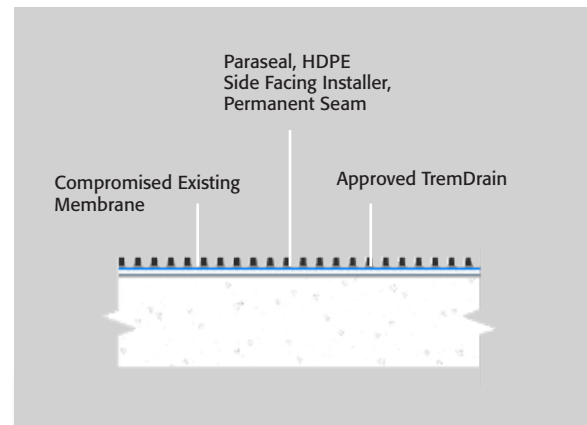

- Compatible with existing asphalt and urethane membrane
- Complete removal of existing membrane is not required
- 20 mil HDPE for higher durability in horizontal applications
- Compatible with Tremco restoration solutions

Horizontal Below-Grade Wall Restoration

Horizontal Below-Grade Wall Restoration Paraseal LG or Deckseal can be used to restore existing compromised waterproofing on horizontal below-grade walls.

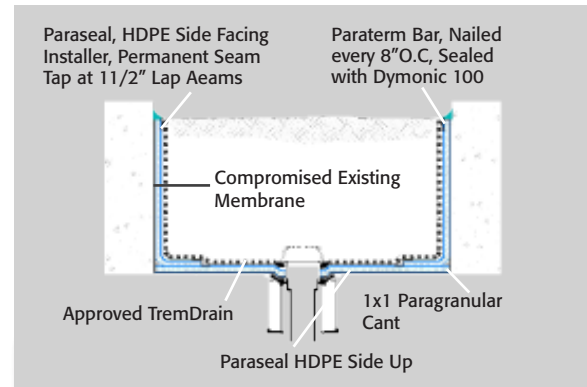

- Compatible with existing asphalt and urethane membrane
- Complete removal of existing membrane is not required
- Mechanically fastened eliminating adhesion concerns

Planter Restoration

Paraseal LG can be used to restore existing compromised waterproofing in planters.

- Compatible with existing asphalt and urethane membrane
- Complete removal of existing membrane is not required
- Tremco offers a complete vegetated system compatible with Tremco's waterproofing solutions

Peace of Mind Guarantee

Our all-inclusive warranties provide confidence that your project's restoration systems are backed by a company with more than 85 years' experience, success and proven performance in the industry. Tremco warranties are available to cover adjacent tie-ins and systems across the entire building envelope.
