Tremco Incorporated certifies that the Paraseal sheet membrane system meets the physical properties per the Tremco Incorporated published data sheets, specifications, and application instructions.

Paraseal is approved by the **City of Los Angeles (COLA)** Department of Building and Safety under research report number **RR24709**. The following pertain to the Paraseal Membrane:

- 15-Mils of a high-density polyethylene sheet membrane, (HDPE).
- Sodium bentonite clay laminated to the HDPE.
- Life Expectancy of HDPE depends upon the specific application, however it is measured in potential hundred year increments as independently published by others.
