

TREMGLAZE® S500+

Window and Door Installation Silicone Sealant

Product Overview

TremGlaze® S500+ is a one-part, medium-modulus, neutral-curing, silicone sealant ideal for a wide variety of window and door glazing applications.

Features & Benefits

- Exceptional skin and tack free time
- AAMA certified
- Superior strength characteristics
- Medium-modulus
- Ideally suited for the most demanding window and door installations
- Tenacious adhesion to a wide variety of substrates
- +/- 25% movement
- Now with added biocide to aide in the prevention of mildew and fungus build-up

Installation Applications

- Back-bedding
- General purpose high-performance sealant for dynamic moving joints
- Glazing and re-glazing glass
- New construction window and door perimeter sealant
- Weather-barrier joints around fenestration and wall transitions
- Field joinery, mull caps sealing and field reglazing

Standard Colors

Special colors available upon request. Minimum order requirements exist for special colors.

Colors are mechanically reproduced. For color accuracy, please see actual product sample.
