PRODUCT COMPATIBILITY CHART

BELOW-GRADE WATERPROOFING AND AIR BARRIER COMPATIBILITY

To more easily detail the critical below-grade to air barrier transition, this chart notes the compatibility across Tremco's portfolio of below-grade waterproofing and air barrier membranes to help you select the materials that will work together to protect your building envelope.*

**Products not listed or combinations shown without a checkmark may still be used together with appropriate primers or dividing layers. Consult a Tremco CPG Sales or Technical Representative to confirm project details that may impact material selection and application.*

Air and Vapor Barriers
