To Whom It May Concern:

RE: Tremco Butyl Sealant—Green Building Product Information (LEED v4 Information)

Tremco Incorporated is an organization that is committed to quality, our employees, and our environment. We are responsive to both internal and external customers, and we pledge to treat everyone with good stewardship and respect.

Tremco Incorporated certifies the following for Tremco Butyl Sealant:

Building Product Disclosure and Optimization:

Tremco Butyl Sealant is manufactured in Toronto, Ontario, Canada.

No single extracted material is used to produce the majority of this product.

Recycled content for Tremco Butyl Sealant is not available, and for the purposes of LEED reporting should be assumed to be zero.

Low Emitting Materials - VOC Content Information:

Tremco Butyl Sealant is a specialty sealant with a VOC content of 232g/L equaling 15% as applied/mixed. As such, VOC levels are lower than the limits set by SCAQMD rule 1168, July 1, 2005, for LEED v4 purposes only. Note that current VOC regulations may have lower limits than LEED v4 and should be followed for compliance.

Note: VOC content values are as reported for the highest VOC content color for all Tremco Butyl Sealant colors. Other colors may have a lower VOC content reported on their MSDS .

Green Chemistry:

Tremco Incorporated is dedicated to the environment and prides itself on making its products as sustainable as possible.

Additional Information:

Should you have any questions or require additional information, please do not hesitate to contact Technical Services or your local Tremco Field Representative.

Sincerely,

Amy Woodard
Manager
Compliance and Regulatory
