To Whom It May Concern:

RE: Vulkem 351—Green Building Product Information (LEED x4 Information)

Tremco Incorporated is an organization that is committed to quality, our employees, and our environment. We are responsive to both internal and external customers, and we pledge to treat everyone with good stewardship and respect.

Tremco Incorporated certifies the following for Vulkem 351:

Building Product Disclosure and Optimization:

Vulkem 351 is manufactured in Cleveland, Ohio.

No single extracted material is used to produce the majority of this product.

Recycled content for Vulkem 351 is not available, and for the purposes of LEED x4 reporting should be assumed to be zero.

Low Emitting Materials - VOC Content Information:

Vulkem 351 is a coating with a VOC content of 353g/L equaling 30% as applied/mixed. Because this product exceeds VOC level limits, project teams can use VOC budgeting to ensure their projects are still LEED compliant.

Green Chemistry:

Tremco Incorporated is dedicated to the environment and prides itself on making its products as sustainable as possible. We are pleased to report that this product is produced without any Red List chemicals. As such, it can be used to assist in finishing projects aimed towards achieving a Living Building Challenge certification
