Tremco Incorporated certifies that Vulkem® OC 810 is manufactured in Cleveland, Ohio and has been tested to the following ASTM standards with the following typical physical properties:

ASTM D412	Tensile	1,700-2,200 psi
ASTM D4060	Taber Abrasion Resistance	<90 mg
ASTM D4541	Pull-Off Strength (Concrete)	>250 psi

Although Vulkem® OC 810 Coating System is not NSF registered, or previously authorized by USDA, it does meet the requirements for use in Federally inspected food processing facilities provided it is not used in areas where food is being processed, prepared or packaged. The material must also be applied in a manner which prevents any direct or indirect contamination of food. Additionally, before any food product can be placed in the area of treatment, the coating must be allowed to cure according to manufacturer's recommendations and the area should be sufficiently free of odor to prevent food contamination.

The Vulkem® OC 810 Coating System is listed with **Underwriters Laboratories** to UL790 Class A Fire Rating.
