

847 Spray Adhesive Submittal Sheet

STOCK NO.
847

PCS. PER BOX
1 case = 12 cans

Description: Trim-Tex 847 Spray Adhesive is a high tack, pressure sensitive spray adhesive designed and tested by our engineers to be used with Trim-Tex vinyl beads.

Advantages: 847 Spray Adhesive is designed to give a strong bond while maintaining a workable open time so beads can be accurately positioned. Will not bleed through taping compound or paint. Once dry, product is inert. Trim-Tex 847 is a must for installing expansion products such as Magic Corner, Hideaway Expansion, or 093V & 093X-V Expansion.

Limitations: Product is designed for interior use.

Applicable Standards: Trim-Tex 847 Spray Adhesive meets California VOC content limits. VOC content is less than 40% by weight, see MSDS for additional information.
