

Fire Rated 093V Expansion

Building out fire-rated control joints on wall assemblies using traditional methods is costly and time consuming. Our fire rated 093X-V expansion bead revolutionizes this process. Integrated intumescent tape is fire rated up to 2 hours, and the flexible bead accommodates up to $\frac{3}{8}$ " in building movement.

STOCK NO.	LENGTH	PCS. PER BOX
093X-V	10'	20

Fire Bead™

Fast, simple and cost-effective, Fire Bead is the new go-to standard for firestopping in wall joints. Available in 1- and 2-hour fire ratings, Fire Bead provides protection for up to $\frac{1}{2}$ " of building deflection with cutting-edge firestopping technology to halt the passage of smoke, fire and sound.

9250 - 1hr	10'	30
9260 - 2hr	10'	22

Hotrod XL™

Hotrod XL is a powerful and versatile fire rated drywall accessory, built to slam the brakes on the passage of smoke, fire and sound. This solution combines Trim-Tex's Flat Deflection Bead with compressible foam and intumescent tape for a perfect seal along head-of-wall joints, providing a full $\frac{3}{4}$ " of building movement.

STOCK NO.	LENGTH	PCS. PER BOX
9280	10'	10

Hotrod Type-X®

Combining compressible foam with intumescent tape that expands when exposed to intense heat, Hotrod Type-X replaces finicky fire sprays over mineral wool. Its rectangular profile is easily compressed into a deflection gap between drywall and its adjoining structure for a fast, simple firestopping solution. Pair with Flat Deflection Bead (page 45) for seamless results.

STOCK NO.	SIZE	LENGTH	PCS. PER BOX
