847	1 CASE = 12 CANS
848M	1 CASE = 4 CANS
848	1 CASE = 6 CANS

848™ CITRUS CLEANER

- 848 Citrus Cleaner is designed to remove adhesive overspray from Trim-Tex vinyl beads and other building materials.

MUD-MAX

- Mud-Max is designed to improve the strength and adhesive performance of all drywall compounds, textures and plaster products.
- Mud-Max is a unique formulation containing over 60% adhesive polymer by weight.
- Perfect when bonding paper, metal or vinyl beads to drywall and applying plaster products onto metal or vinyl beads.
- One Gallon of Mud-Max will treat up to 16 boxes of compound while improving the workability and smoothness.
- Don't just thin down your compound with water, give it a boost with Mud-Max.

TRIM-TEX™ #710 ADHESIVE CAULK

- Trim-Tex designed the 710 caulk to be a high quality bead installation adhesive as well as a good painter's caulk. Use 710 to install Trim-Tex Crown Moldings, Chair Rails and other Decorative L Beads. See product installation instructions for more details. The 710 is also an acrylic paintable caulk that can accept interior latex based paints. Trim-Tex 710 is for interior use only.

710M	1 CASE = 4 TUBES
710	1 CASE = 24 TUBES

TEX11™ SPRAY ADHESIVE & TEXTURE PREP

- Not all texture products are designed equally. In house testing has shown that some texture products adhere poorly to certain beads. To combat this, Trim-Tex has designed the TEX11 texture prep. Spray a light coat over the bead to significantly increase the bonding power of any texture product.
- Tex11 is a great all purpose jobsite adhesive
