Anatomy of a Rigid Low Profile Corner Bead

Hole Pattern

- Allows mud to flow through bead increasing adhesion strength

Low Profile

- Creates a clean, sharp and consistent look

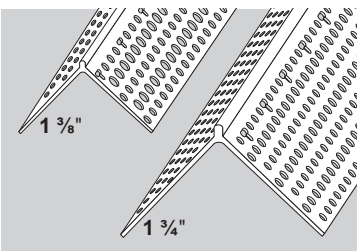

Rigid Vinyl PVC

- Never dents, rusts or molds

70% Recycled Content

- Qualifies for LEED points

Rigid & Jumbo Low Profile Corner Bead

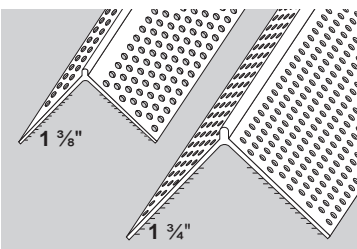

Features patented I-Beam technology for the most rigid vinyl bead available. I-Beam nose creates a distinctive outside corner that never dents, rusts or molds. Installs with staples and 847 Spray Adhesive.

Also available in Archway.

Innovative Solutions

Deflection Bead

Multi-story buildings with concrete decks are prone to deflection caused by loading and concrete sag. This deflection results in unsightly cracks along the inside corners where the walls meet the ceiling. To permanently solve this problem, Trim-Tex has designed two great products.

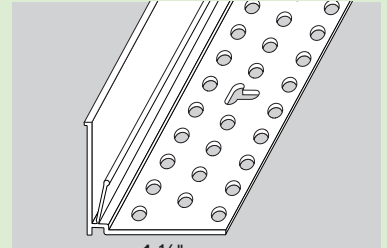

Wall Mounted Deflection Bead's flexible gasket compresses to prevent cracks in the drywall and provide up to $7/16$ " of protection.
