

Sun Tunnel® Skylights Flexible Pitched Flashing

VELUX SUN TUNNEL® tubular skylights are a great way to brighten any space with energy-efficient natural light. Every room in your home deserves to be filled with natural light—even those in the center of your home. Unlike traditional windows, the VELUX Sun Tunnel® Skylight can be installed within an afternoon, making it one of the fastest and most inexpensive ways to transform your home with natural light. This seamless metal pitched pan flashing Sun Tunnel® is ideal for northern exposures.

Ideal Applications:
with little natural light such as bathrooms, hallways, laundry rooms, and other smaller spaces.
