

Sun Tunnel® Skylights Wildfire Glass Curb-Mount

VELUX SUN TUNNEL tubular skylights are a great way to brighten any space with energy-efficient natural light. Every room in your home deserves to be filled with natural light—even those in the center of your home. This particular sun tunnel is designed to adhere to California's strict building codes, including Wildfire Urban Interface. With its unique diamond wire flat glass appearance, the VELUX Sun Tunnel Skylight passes Class A Burn Brand testing.

Ideal Applications:

with little natural light such as bathrooms, hallways, laundry rooms, and other smaller spaces.
