BACK ELEVATION

SECTION DETAIL

Innovative cost effective access door. 16 ga. return frame and uniweld construction allows for an aesthetically pleasing appearance and square fit in all wall and ceiling applications. Laser cut from one sheet of cold rolled steel, no corner mitering – aesthetically preferred by architects and building professionals.

1. When a door increases in size, more cams are added for security in the ceiling or wall
2. For requests on clear opening after door installed, please email info@wbdoors.com
3. All installation holes must be used for proper door functionality and security
4. For custom sizes, please reach out to info@wbdoors.com
5. Clear opening may be impeded by structural or functional parts on door
6. Drawings of any door can be requested through info@wbdoors.com
