

## SIZE MATTERS!

When selecting the appropriate size Stealth Access Panel for your project, it is important to know the difference between the Access Opening (the actual dims of the door opening) and the Rough Opening (the dims of the frame to fit your door opening). **See Below:**

### CEILING/DROP-IN ACCESS PANELS

Part Code	Access (Door) Opening	Rough (Frame) Opening*
AP-DR0909	9in x 9in	15in x 15in
AP-DR1212	12in x 12in	18in x 18in
AP-DR1616	16in x 16in	22in x 22in
AP-DR1818	18in x 18in	24in x 24in
AP-DR2424	24in x 24in	30in x 30in
AP-DR3636	36in x 36in	42in x 42in

\*Rough Opening is from Outside of Frame to Outside of Frame

### HINGED ACCESS PANELS (W/ KEY-LATCH):

Part Code	Access (Door) Opening	Rough (Frame) Opening*
AP-HRK0909	9in x 9in	15in x 15in
AP-HRK1212	12in x 12in	18in x 18in
AP-HRK1616	16in x 16in	22in x 22in
AP-HRK1818	18in x 18in	24in x 24in
AP-HRK2424	24in x 24in	30in x 30in

\*Rough Opening is from Outside of Frame to Outside of Frame

### RESIDENTIAL ACCESS PANELS:

Part Code	Access (Door) Opening	Rough (Frame) Opening*
AP-DR2230G	21.5in x 30in	24in x 36in
AP-DR3030G	30in x 30in	36in x 36in

\*Rough Opening is from Outside of Frame to Outside of Frame
