DESCRIPTION

Stealth Ceiling/Drop-in Access Panels (12in x 12in Access Opening) from Wind-lock® are designed to be an attractive alternative to typical access panels in commercial and residential buildings. Their glass-fiber-reinforced-gypsum (GFRG) based construction can't rust and blends seamlessly with new or retrofitted drywall ceilings and walls. The design of the stealth access panel ensures that your aesthetic style is noticed and not your access panels.

Need a more detailed look or a custom size? Our [Stealth Information Guide](#) shows example applications, product details for Architects & Specifiers, as well as installation instructions for various sizes. Contact one of our knowledgeable product specialists for more information today!
